

Child Abuse Prevention Month

Each day is an opportunity to build the foundation for our future.

Building healthy communities takes work. We all have a role in ensuring children have positive experiences, and families have the resources they need, when they need them.

The Pinwheels for Prevention® campaign provides a unique opportunity for all of us, individuals and organizations alike, to take action by learning more about prevention, supporting child and family friendly policies and services, and volunteering at the local, state, and national levels.
